

# Powerful Business – Energy Opportunities in a Changing Economy

Meydenbauer Center - Bellevue, WA  
June 17, 2009

Powerful Business – *Energy Opportunities in a Changing Economy*, the popular bi-annual one-day energy conference is coming to the Bellevue Meydenbauer Center on June 17, 2009. The conference will highlight practical energy solutions for facility professionals and the trade allies who support them. Presentations will highlight proven strategies to improve energy performance and sustain operational cost savings. Four concurrent presentation tracks will run throughout the day:

- Making the Business Case for Energy Efficiency
- Proven Technologies for Buildings
- Building Optimization
- Building Design and Construction

\*Session descriptions can be found at [www.electricleague.net](http://www.electricleague.net)

## Tabletop Exhibits

A tabletop display opportunity is available for companies interested in showcasing their products and services before an estimated crowd of 300-400 facility professional attendees. Eight foot skirted table spaces with electricity (5-amp, 2 plugs) will be sold on a first come, first served basis. Attendees will be encouraged throughout the day to visit the exhibit area.
