

# Electric League Community Service Day

## YOU CAN MAKE A DIFFERENCE!

Community service and volunteerism are an investment in our community and the people who live in it.

The Electric League is partnering with Jubilee REACH to serve the needs of a local homeowner whose home and property is in need of repair. Join forces with fellow Electric League members as we wield paint brushes, shovels and rakes to clean up a house and yard in dire need of TLC. This day of service will benefit a deserving woman who is struggling to make ends meet. This will also benefit the surrounding community by improving her home's value and aesthetics.

### Projects will include:

- ◆ Painting exterior house trim
- ◆ Painting the garage door
- ◆ Painting the front door
- ◆ Ridding the backyard of blackberry bushes and weeds
- ◆ Trimming tree branches
- ◆ Weeding and sprucing up front yard

**FAMILY AND FRIENDS ARE ENCOURAGED TO PARTICIPATE**

**LUNCH WILL BE PROVIDED**
